TOURIST ATTRACTIONS:

BUSAN

- **Huinnyeoul Cultural Village -** This is a small coastal village in Yeongdo, connected to Busan. The southern sea stretches under the cliff right in front of the village. The only village in Korea with a cliff is the Huinnyeoul Coastal Village. Feel the coastal village blended with the cliffs!
- **Songdo Yonggung Suspension Bridge -** A perfect spot to take in the full panoramic view of Songdo. Standing on the bridge, you can enjoy a breathtaking view of the Amnam Park coastal walkway, cable cars gliding through the sky, and the entire Songdo Beach. There's truly no other place where you can admire such a stunning landscape where modern architecture meets the vast ocean, dramatic cliffs, and the endless blue sky all in one view!
- **Gamcheon Culture Village -** "Korea's Santorini." "Korea's Machu Picchu." "Lego Village." These are the many nicknames the Busan neighborhood of Gamcheon 2 Dong Village has earned over the years.
- **Yonggung Temple -** Was first built in 1376 by the great Buddhist teacher known as Naong during the Goryeo Dynasty.
- **Haeundae Blueline Park Sky Capsule (4 persons per capsule) -** Is a charming, slow-paced, 4-seater automated capsule ride on an elevated track (7-10m high) along Busan's coast, unobstructed views of Haeundae Beach and the ocean, perfect for couples or families seeking a unique, scenic, photo-friendly experience above the seaside park.
- **Cheongsapo Daritdol Skywalk -** Located beside the Haeundae Blueline Park Green Railway, this is one of Busan's most popular seaside viewpoints. Expanded in 2024 into a U-shaped observatory stretching 191 meters in length, it features a crescent-shaped glass floor at the end, offering the thrilling sensation of walking above the sea. Visitors can enjoy panoramic views of the Cheongsapo coastline, the Daritdol rock formations, and breathtaking sunrise and sunset scenery.

SEOUL

- **Wear Hanbok Visit Changdeokgung Palace -** Built in 1405, Changdeokgung Palace was one of the principal royal palaces of the Joseon Dynasty. Located east of Gyeongbokgung Palace, it is also known as the "Eastern Palace." After being destroyed during the Imjin War, it was rebuilt in 1611 under King Gwanghaegun. Today, it preserves important historical buildings such as Injeongjeon Hall, Seonjeongjeon Hall, and Daejojeon Hall. Renowned for its harmonious integration of architecture and nature, Changdeokgung was designated a UNESCO World Heritage Site in 1997.
- **Eunpyeong Hanok Village -** Captures a quaint, serene landscape with the Bukhansan Mountain serving as the backdrop for the modern, neatly-built hanoks. The village is set in greater Seoul in the vicinity of Yeonsinnae and Ilsan. If you take a snapshot from the middle of the road between the tall hanok structures, it'll give you the feeling of standing on the set of some historical film set during the Joseon Dynasty.
