ZÜRICH

- **Fraumünster Church** – The church was built from the middle of the 9th century on the opposite side of the river to the Grossmünster. Today, many visitors are attracted by the five stained glass windows prepared by Marc Chagall in the 1960's as well as by the rosette in the south transept.
- **Bahnhofstrasse** – Bahnhofstrasse is Zurich's main downtown street and one of the world's most expensive and exclusive shopping avenues. In 2011, a study named the Bahnhofstrasse the most expensive street for retail property in Europe, and the third most expensive worldwide. In 2016 ranked ninth.

LUCERNE

- **Lion Monument** – The Lion Monument, or the Lion of Lucerne, is a sculpture in Lucerne, Switzerland, designed by Bertel Thorvaldsen and hewn in 1820–21 by Lukas Ahorn. It commemorates the Swiss Guards who were massacred in 1792 during the French Revolution, when revolutionaries stormed the Tuileries Palace in Paris, France. Mark Twain praised the sculpture of a mortally-wounded lion as "the most mournful and moving piece of stone in the world."
- **Wooden Chapel Bridge** – The Kapellbrücke (literally, Chapel Bridge) is a covered wooden footbridge spanning diagonally across the Reuss River in the city of Lucerne in central Switzerland. Named after the nearby St. Peter's Chapel, the bridge is unique since it contains a number of interior paintings dating back to the 17th century, although many of them were destroyed along with most of the centuries old bridge in a 1993 fire. Subsequently restored, the Kapellbrücke is the oldest wooden covered bridge in Europe, as well as the world's oldest surviving truss bridge. It serves as the city's symbol and as one of Switzerland's main tourist attractions.

ISELTWALD

- **Lake Brienz** – One of Switzerland's most beautiful and deep lakes is called Lake Brienz. It's recognised for its bizarre turquoise colour, which draws a slew of tourists to its coastlines. South Korean television show "Crash Landing on You" is hugely popular and has won over audiences all over the world. The usage of Switzerland's stunning scenery and scenic sites plays a significant role in the show's visual appeal and narrative. One of the most popular scenes in CLOY among viewers was in episode 3, when Jeong-hyeok reminisces about his time alone playing the piano on this wooden "stage" on Lake Brienz. Se-ri also happened to hear him playing while boating on the same lake during a significant time in her life. Iseltwald and Lake Brienz are therefore connected in the programme.
