TOURIST ATTRACTIONS:

KYOTO

- ◆ **Fushimi Inari Taisha** - It is one of the most famous shrines in Japan and is famous for its unique "Thousand Bontorii". The main deity of the shrine is Inari, who is considered the patron saint of agriculture and commerce. Therefore, Fushimi Inari Taisha Shrine is the main place where merchants and farmers come to pray for a good harvest and prosperous business.
- ◆ **Gion** - one of the most famous and historic flower streets in Kyoto. It is famous for its traditional teahouses, geisha culture and historical architecture, attracting countless tourists to experience and explore.
- ◆ **Amanohashidate** - one of the three scenic spots in Japan. It is located in Miyazu City, Kyoto Prefecture. It is a picturesque natural landscape. Its name means "Hashidate of the Sky" because the landform is shaped like a bridge spanning the sky.
- ◆ **Kasamatsu Park Observation Deck** - The observation deck of Kasamatsu Park is one of the best places to enjoy the panoramic view of Amanohashidate. From here you can see the magnificent sight of the Amanohashidate shaped like a "flying dragon" crossing the bay, so this viewing point is also called the "Flying Dragon View". Here, visitors can overlook the entire Amanohashidate Sand Spit, the surrounding bays and green mountains.

TOTTORI

- ◆ **Kinosaki Onsen** - is a historic hot spring resort in Toyooka City, Hyogo Prefecture, Japan, with a history of more than 1,300 years. Famous for its seven outer onsen (public hot spring baths) and beautiful traditional streets, Kinosaki Onsen is considered one of the best places to experience Japanese hot spring culture.
- ◆ **Tottori Off-site Fish Market** - is a famous seafood market in Tottori Prefecture, Japan, located in Tottori City. This market is famous for its fresh seafood products and active trading scene. It is a popular place for tourists and local residents to buy seafood.
- ◆ **Tottori Sand Dunes** - It is the largest coastal sand dune in Japan. It was formed 100,000 years ago and covers an extremely large area. If it were not adjacent to the Sea of Japan, just looking at the photos of the sand dunes, you would really have the illusion of being in a desert. In this vast sandy land, there will be snow in winter, and in autumn you can even see a large field nearby. You can enjoy the different aspects throughout the year such as the spicy leek flower field.
- ◆ **Conan's House Beika Shopping Street** - Conan fans will definitely come to Tottori as a place of pilgrimage. In the Rice Flower Shopping Street, there is the Goshō Aoyama Hometown Museum, which is also commonly known as the Conan Museum. Most of the animation theme museums will be set up in the author's hometown. Local sightseeing, there are two great works named Detective Conan and Kitarō in Tottori!

KOBE

- ◆ **Mosaic Kobe Harborland** - is a large commercial and entertainment district located in Chuo District, Kobe City, Japan. It is famous for its modern buildings and diverse shops, restaurants, cinemas, amusement facilities and tourist attractions.
