TOURIST ATTRACTIONS:

CHONG QING

- ◆ **Ciqi Kou Ancient Town** - Built in the Ming Dynasty, Ciqi Kou Ancient Town has a history of more than 600 years, and is an attraction with rich historical and cultural heritage. Ciqi Kou Ancient Town built on the mountain, the landscape is dangerous, so the narrow alleys and twisting roads become its characteristic. The buildings in the ancient town are simple and elegant, retaining the architectural style of the Ming and Qing Dynasties. Walking along the town's streets feels like journeying through a tunnel of time, experiencing the history and the passage of years.
- ◆ **Liziba Light Rail Station Viewing Platform** - Liziba Light Rail Station of Chongqing is the first cross-rail station in China that co-exists with a commercial and residential building. The station is located on the 8th floor of a commercial and residential building, which has become a "popular attraction" because of the light rail passing through the building. From the observation deck, visitors can get a close-up view of the train speeding past the building's elevated tracks.
- ◆ **HongYa Cave Scenic Area** - Featuring the iconic 'stilted' architecture of the Ba-Yu tradition, this area is renowned for its ancient stone buildings and nighttime light shows, blending elements of traditional culture with modern art. This scenic area has a rich history as a fortress in ancient Chongqing and represents the development of modern culture.
- ◆ **Jiefangbei Pedestrian Street** - Jiefangbei Pedestrian Street is located in Yuzhong District of Chongqing, centering on Jiefangbei. Its is one of the famous commercial streets and city's fashion landmarks in the center of the city. The area around Jiefangbei Pedestrian Street includes Minquan Road, Zourong Road, Bayi Road and Wuyi Road, forming a commercial circle. The pedestrian street is filled with a variety of stores and boutiques, covering a wide range of categories, including fashion, accessories, handicrafts, food, snacks, and etc.

FULING

- ◆ **Baiheliang Underwater Museum** - The Baiheliang Underwater Museum or White Crane Ridge Underwater Museum is an underwater museum built around the White Crane Ridge of Fuling District, Chongqing. It is China's first underwater museum.
- ◆ **816 Nuclear Military Plant** - "The 16 engineering site axis overlaps for a total length of over 20 kilometers, completely hidden inside the mountain. The cave remains warm in winter and cool in summer, with a constant temperature throughout the year. The total building area is 104,000 square meters, with the main cavern reaching a height of 79.6 meters and an arch span of 31.2 meters. There are 18 large caverns inside, with over 130 roads, guiding tunnels, supporting tunnels, shafts, and tunnels. The architectural layout is like a maze, with caves within caves, and floors within caves."
