## TOURIST ATTRACTIONS:

### MACAO

- **Rua do Cunha** - Located in the center of Taipa, Macau, this 150-meter-long and 5-meter-wide pedestrian street is one of Macau's most famous attractions. It intersects with Rua Direita Carlos Eugénio and Rua Correia da Silva to the south and Rua do Regedor and Fire Station Square to the north. The street is named after Macau's 81st Governor, Cunha, and attracts countless visitors each year.

### ZHONGSHAN

- **Soy Sauce Culture Expo Museum** - is a comprehensive exhibition hall themed around soy sauce. It integrates cultural display, science education, and industrial tourism. The museum consists of several sections, including Soy Sauce Culture Plaza, Main Exhibition Area, Laboratory, Soy Sauce Production Line and Experience Center. These areas showcase the history, culture, and modern production processes of soy sauce. Since its establishment in 2014, the museum has welcomed over 330,000 visitors from around the world, serving as an important window into traditional Chinese fermentation culture. Visitors can get an up-close experience of traditional soy sauce brewing techniques and explore the rich heritage of the Chubang brand. Rough interactive experiences and exhibition activities, the museum offers an engaging and enjoyable way to learn about the history and craftsmanship behind soy sauce.

### KAI PING

- **Chikan Ancient Town** - The town's Di Xi Road is known as the "European-style street," with well-preserved 1920s architecture. Many overseas Chinese from the U.S. and Europe brought foreign architectural designs and blended them with local styles, resulting in a unique East-meets-West aesthetic, particularly in rooftop designs.

### FOSHAN

- **Nanfeng Kiln** - Also known as the "Dragon Kiln," it is located in Shiwan Town, Foshan, and dates back to the Ming Dynasty (1506-1521). The kiln has been in continuous use for over 500 years, making it the world's oldest operational wood-fired dragon kiln, recognized by Guinness World Records. The 34.4-meter-long kiln is an invaluable site for studying China's ceramic industry, kiln structures, and firing techniques from the Ming and Qing Dynasties.

### ZHUHAI

- **Huitong Ancient Village** - Centennial Huitong, university town, into the ancient and modern. Huitong Village is located in the southwest of Tangjiawan Town, Zhuhai High-tech Zone. It is the best-preserved ancient village in Zhuhai, with a history of nearly 300 years. In the rapid development of the special economic zone, it still maintains the primitive simplicity, elegance and quiet, a green brick road winding to the depths of the Phoenix Mountain, as if far away from the noisy "paradise". Tea and fruit is the special food of Huitong, which uses glutinous rice flour or sticky Rice noodles as the skin, with stuffing inside and banana leaves outside. Taking a bite, the taste is sticky and smooth, with a refreshing aroma of banana leaves. In addition, brewing tea in a furnace is also a major feature of Huitong Ancient Village. Sitting around the fireplace with family or friends, sipping fragrant tea while enjoying the beautiful scenery of the ancient village, is truly a great joy in life.
