TOURIST ATTRACTIONS:

JAPAN - FUKUOKA

- ◆ **Yanagawa River Boat Ride** - Discover the beauty of Yanagawa with a scenic river cruise. Explore charming canals, historic sights, and peaceful nature on this relaxing boat tour through Kyushu's Venice. These sightseeing boats are called "donkobune" in Japanese. The boatmen use bamboo poles to propel the long, narrow boats through the canals, while explaining the town's great history and reciting poems written by local poet Hakushu Kitahara.
- ◆ **Tenjin Shopping District** - Located in the center of Fukuoka City, it is the most popular shopping district in Fukuoka City and a must-visit place for locals and tourists. There are many well-known department stores here, such as PARCO, Daimaru, Mitsukoshi, Iwataya and SOLARIA STAGE, as well as the long Tenjin underground street. Whether you are looking for low-priced or high-priced goods, this place can meet your needs. There are various brands and products here, suitable for people of different ages to shop and replenish.
- ◆ **Dazaifu Tenmangu Shrine** - vibrant shrine with a rich history and forward-thinking outlook. Learn about the shrine's architecture and functionality, the customs and traditions of the Shinto faith, and the role of amulets in seeking good fortune. Engage with centuries-old artworks and cutting-edge contemporary art installations. Get to know the people who operate and maintain the shrine, and find out how nature and the seasons provide an ever-changing backdrop for Dazaifu Tenmangu and its grounds.

KUMAMOTO

- ◆ **Suizenji Jojuen Garden (Suizenji Park)** - In 1932 (Kanei 9), the first generation of the Higo Hosokawa family, Tadatoshi, founded Suizenji Temple here. Later, Suizenji Temple was moved to another place, and a teahouse was built on this land as a villa and garden passed down from generation to generation by the Hosokawa family. After the Meiji era, it began to be open to the public for visits. When it came to the third generation of the Kumamoto domain, Tsunatoshi, the Momoyama-style garden was completed. Nearly 150 cherry trees were planted along the walking trail.
- ◆ **Kumamoto Castle** - is a hilltop Japanese castle located in Chūō-ku, Kumamoto, in Kumamoto Prefecture. It was a large and well-fortified castle. The castle keep (天守閣, tenshukaku) is a concrete reconstruction built in 1960, but a number of ancillary wooden buildings remain of the original castle. Kumamoto Castle is considered one of the three premier castles in Japan, along with Himeji Castle and Matsumoto Castle. Thirteen structures in the castle complex are designated Important Cultural Property.

SOUTH KOREA - SEOUL

- ◆ **Gyeongbok Palace** - built in 1395, Gyeongbokgung Palace is also commonly referred to as the "Northern Palace" because it is the furthest north when compared to the neighboring palaces, Gyeongbokgung Palace is arguably the most beautiful and remains the grandest of all five palaces.
- ◆ **Namsangol Hanok Village** - this village has five restored hanok (traditional Korean house) premises, a pavilion, a traditional garden, a performance art stage, and a timecapsule plaza, making it a perfect spot for locals and tourists to take a leisure walk. Upon entering from the front gate, visitors will get a taste of Korea's traditional life while escaping from bustling city life. The traditional garden with its pavilion and old houses creates a peaceful ambiance before the forested Namsan Mountain.
- ◆ **Gwangjang Market** - was the first permanent market in Korea and continues to thrive as a popular tourist destination today. The name Gwangjang means "to gather from afar and keep altogether." The market began as a small trading center that brought in goods from nearby regions, but has now grown into a large wholesale market selling a variety of goods, including upholstery, imported goods, groceries, dried fish, traditional goods, and more. The food street caters to a wide range of patrons due to the plethora of menus available. It is also one of the most recommended tourist attraction for international travelers.
- ◆ **Aurora LED of Inspire** - Aurora is an immersive entertainment street enveloped by a 150-meter LED display adorning the high ceilings and walls, presenting surreal imagery. The high-resolution LED and pillar LEDs, reaching skyward, unveil captivating digital content that immerses you in otherworldly realms. As you stroll through this indoor environment, you'll feel as if you're meandering amid tall grasses in a mystical forest beneath a boundless blue sky, or perhaps, you'll find yourself submerged in the depths of a cerulean sea. Traverse the marvels of Northern Europe in this new digital expanse of unprecedented scale.
