TOURIST ATTRACTIONS:

ASAHIKAWA

- ◆ **Asahiyama Zoo** - One of Japan's most popular zoos, famous for its close-up animal viewing experience. Designed with a natural habitat concept, visitors can watch polar bears swimming, seals moving through a giant cylindrical tunnel, and various animals living in a snowy environment. The zoo is divided into 19 areas, including the Penguin House, Polar Bear House, and Predator Zone, with the Seal House and Polar Bear House being the most popular attractions. Visiting the snow-covered zoo in winter offers a wonderful chance to experience the charm of Hokkaido's winter season.

KITAMI

- ◆ **Kitami Fox Village** - Is a unique and popular attraction in Hokkaido where visitors can see Hokkaido's famous Ezo red foxes. The village features a semi free-range environment where the foxes roam freely around visitors, creating a fun and memorable experience. Around 60 to 100 foxes live freely among the beautiful white birch forest, offering a charming Hokkaido nature atmosphere and making it a popular spot for photography and sightseeing.

ABASHIRI

- ◆ **Abashiri Ice Breaker Cruise** - One of the best and easiest ways to see the drift ice is from the AuroraSightseeing Boats, which depart from Abashiri Port. Because drift ice is not always visible from the coast, the boats travel out into the Sea of Okhotsk to where ice is more likely to be found. The boat rides take about an hour and run several times a day during the ryuhyo season.

SHIRETOKO

- ◆ **Shiretoko Drift Ice Walk** - The Shiretoko Drift Ice Walk is one of Hokkaido's most unique and popular winter activities. Participants will wear professional waterproof dry suits and step into the drift ice world of the Sea of Okhotsk, experiencing the thrilling sensation of floating among the ice. During winter, drift ice flowing from Russia covers the coast of Shiretoko, creating a breathtaking silver-white landscape. Visitors can walk and float between the drifting ice while experiencing the beauty and power of Hokkaido's winter nature up close. It is a special seasonal experience that can only be enjoyed during winter.

◆ Shiretoko Drift Ice Walk - Participation Requirements.

Participants must meet all of the following conditions.

* Height: 130 cm – 185 cm * Weight: Not exceeding 100 kg

* Age: Under 70 years old

* Must be in good physical health and fit for outdoor activities. Participants should have normal use of their limbs, not require walking aids such as canes, and be able to maintain balance and walk independently on uneven and floating ice surfaces.

LAKE AKAN

- ◆ **Ice Fishing Experience** - Experience the limited winter "Ice Fishing" activity at Lake Akan, where you can step into a magical white snow world and fish through holes on the frozen lake surface. Enjoy one of Hokkaido's most authentic winter experiences, and don't miss the freshly caught smelt tempura a local delicacy not to be missed.
