TOURIST ATTRACTIONS:

BEPPU

- ◆ **Yufuin Floral Village** - Located at the foot of Mount Yufu, this peaceful hot spring town is known as the "Village of Morning Mist and Springs" is famed for its art galleries, tranquil atmosphere, and beautiful natural scenery.
- ◆ **Lake Kinrin** - A scenic lake formed by the convergence of hot springs, where mist rises gently even in winter due to the warm water. It is the main source of the morning fog in the basin and one of the most iconic attractions in Yufuin.

KAGOSHIMA

- ◆ **Yunohira Observatory** - Located on Sakurajima in Kagoshima, Japan, stands at an elevation of 373 meters and is the highest observation point accessible to visitors. From here, visitors can enjoy a close-up view of Sakurajima Volcano, while also taking in panoramic views of Kinko Bay, Kagoshima City, and the surrounding mountains. As Sakurajima is an active volcano, the observatory is also an excellent place to learn about volcanic landforms and appreciate the natural scenery of the area.
- ◆ **Sengan-en** - Is a famous former residence of the Shimadzu family in Kagoshima, Japan, built in 1658. With Sakurajima Volcano as its backdrop and Kinko Bay serving as its pond, the garden seamlessly blends traditional Japanese landscaping with the surrounding natural scenery, making it a particularly distinctive and beautiful Japanese garden.

MIYAZAKI

- ◆ **Takachiho Gorge** - One of Japan's famous natural canyon landscapes, a spectacular wonder shaped by volcanic activity and the flow of the river. It is renowned for its dramatic rock cliffs, emerald-green waters, and Manai Falls, one of Japan's most famous waterfalls.
- ◆ **Aoshima Shrine** - Located on a small island about 1.5 kilometers in circumference, surrounded by unique rock formations known as the "Devil's Washboard." The island is covered in lush tropical vegetation, creating a distinctive tropical atmosphere. The shrine is closely associated with the Japanese mythological figures Hoori-no-Mikoto (Umisachi-hiko) and Princess Toyotama, and is therefore also renowned as a sacred site for prayers for good relationships and safe childbirth.

IBUSUKI

- ◆ **Sand Bath Experience** - Famous hot spring resort in southern Kyushu, renowned for its abundant geothermal resources. Because geothermal heat lies close to the surface, the area is home to a unique natural sand bath experience. Visitors lie buried in warm seaside sand, allowing geothermal steam and the heat and pressure of the sand to warm the body and induce sweating. It is one of Japan's most distinctive hot spring experiences and has a history of more than 300 years.

YANAGAWA

- ◆ **Yanagawa River Boat Ride** - Discover the beauty of Yanagawa with a scenic river cruise. Explore charming canals, historic sights, and peaceful nature on this relaxing boat tour through Kyushu's Venice. These sightseeing boats are called "donkobune" in Japanese. The boatmen use bamboo poles to propel the long, narrow boats through the canals, while explaining the town's great history and reciting poems written by local poet Hakushu Kitahara.

FUKUOKA

- ◆ **Dazaifu Tenmangu Shrine** - is dedicated to Sugawara Michizane who is known as the god of learning, it is busy all through the year with a lot of visitors praying for success in exams and academic achievement. 6,000 plum trees are planted on the site.
