By The Signature Tours 带您无限探索 Travel Designer Team 中华魅力风情

Dear Valued Guest,

Southern Xinjiang offers some of the most captivating scenery along the Silk Road. Here, you will find the vast Pamir Plateau, ancient cities dating back millennia, and a rich tapestry of ethnic cultures; its remote frontier location has also helped preserve its unspoiled, rustic character. As some areas along the route are remote, infrastructure and services differ slightly from those in major tourist cities, and you may encounter long journeys or changes in the natural environment during your trip.

It is precisely for this reason that this journey feels more like an exploration deep into the heart of the Silk Road. In designing the itinerary, we have strived to strike a balance between comfort and depth, hoping to introduce you to the authentic landscapes of Southern Xinjiang. If you approach this land with an open and relaxed mindset, we are sure that the snow-capped peaks of the Pamir, the narrow streets of the ancient cities and the history of the Silk Road will become your most cherished memories of the journey.

亲爱的旅客，

南疆，是丝绸之路最迷人的一段风景。这里有辽阔的帕米尔高原、千年古城与多元民族文化，也因地处边疆而保留着原始而质朴的面貌。沿途部分地区距离遥远，基础设施与服务条件与一线旅游城市略有不同，旅程中亦可能会遇到较长车程或自然环境变化。

正因如此，这趟旅程更像是一场深入丝路腹地的探索。我们在行程设计中尽力在舒适度与深度之间取得平衡，希望带您走进真正的南疆风景。若能以开放与从容的心态去感受这片土地，相信帕米尔的雪山、古城的街巷与丝路的历史，都会成为旅途中最珍贵的记忆。

克孜尔千佛洞

Kizil Thousand Buddha Caves

The Kizil Thousand Buddha Caves may be considered one of China's earliest constructed and largest extant cave temples. Its distinctive cave forms, mural subjects and artistic style – blending Indian, Persian and Central Asian artistic traditions – profoundly reflect the state of Buddhism in Kucha. Representing the cultural and artistic achievements of the Kucha people, it stands as a significant site for both visiting and researching Buddhist cultural arts.

White Sand Lake

The waters of White Sand Lake, which we passed by, shimmered in a dreamlike 'Tiffany blue', whilst the distant mountains, blanketed in white sand, created a striking contrast of colours, making for a magnificent sight.

所途径的白沙湖水呈现梦幻的“蒂芙尼蓝”，远处的山体被白沙覆盖，形成强烈的颜色对比，景色壮丽。

天山天池

Tianshan Tianchi

The surface of Tianchi Lake lies at an altitude of 1,910 metres, with a maximum depth of 105 metres. The scenic area encompasses natural features including alpine lakes, wetland meadows, and forested gorges. In 2013, the site was designated a National Geopark by the Chinese government.

石头城与金草滩

Stone City and Golden Grass Marshes

The ruins of Stone City once served as a vital gateway along the ancient Silk Road to Central Asia, bearing witness to millennia of trade and cultural exchange. Below the city walls, the Golden Grass Marshes plateau wetlands form a striking panorama with distant snow-capped mountains, representing one of the most iconic vistas of the Pamir Plateau.
