TOURIST ATTRACTIONS:

URUMQI

- **Xinjiang International Grand Bazaar -** Xinjiang International Grand Bazaar is one of the most iconic landmarks in Urumqi, integrating ethnic culture exhibitions, specialty shopping, dining, and tourism. The architecture features a strong Uyghur Islamic style, with tall towers, arches, and domes, making it highly recognizable.

DUSHANZI

- **Northern Section of Duku Highway -** Stretching approximately 240 km from Dushanzi via Qiaerma to Nalati, this spectacular route winds through dramatic canyons, cliffs, snow-capped mountains, and vast grasslands. Showcasing the breathtaking beauty of the Tianshan Mountains across four seasons, it is regarded as one of China's most scenic highways.

KANAS

- **Kanas Scenic Area -** Kanas literally means "a beautiful and mysterious lake" in Mongolian. Xinjiang Kanas is a China National AAAAA Level Tourist Attraction, a National Geopark, a National Forest Park, a Nature Reserve & a National Natural Heritage property. Kanas Lake is mysterious and charming and rich in animal and plant resources.
- **Hemu Village -** A hidden fairyland, dotted wooden Tuva houses, green lands, lush forests, delicate mist floating in the air, leisurely grazing horses and cows, all draw an idyllic land and tranquil realm people have long dreamed of.

YINING

- **Sayram Lake -** "Sayram" in Kazakh means "blessing," and it is also commonly called "Santai Haizi." Sayram Lake resembles a sparkling "blue sapphire" nestled in the Western Tianshan Mountains, surrounded by rich pastures. The lake sits at an altitude of 2,073 meters, is slightly oval in shape, 20 km long from east to west, 30 km wide from north to south, covering an area of 454 square kilometers, and has a maximum depth of 86 meters, making it the highest altitude and largest alpine cold-water lake in Xinjiang.
- **Nalati Grassland -** Is one of the world's four major grasslands and an alpine meadow plant zone, historically famous as a pasture. Valleys, peaks, deep gorges, and forests interweave beautifully. Nalati receives an annual rainfall of up to 800 mm, favorable for pasture growth and supporting a high livestock load.

Remarks:

1. Tianshan Flower Sea is expected to be in bloom from May to July.

During the blooming season (May–July), visitors may enjoy lavender, rapeseed flowers, peonies, oxeye daisies, blanket flowers (Gaillardia), pinks (Dianthus), chrysanthemums, and roses. (The above blooming periods are estimates only. Actual flower varieties and blooming conditions are subject to weather, temperature, and rainfall on the day of the visit.)

2. The northern section of the Duku Highway is expected to be open from late June to mid-September. The actual opening dates and road conditions are subject to official government announcements. If the highway remains closed or is temporarily closed due to weather conditions, road conditions, or other unforeseen circumstances, the itinerary will be adjusted accordingly.

3. If any attraction included in the itinerary is closed or inaccessible due to weather conditions or other unforeseen circumstances beyond our control, the itinerary will be adjusted accordingly.
