D12 JINGHE 🚌 (400km) URUMQI (B/L/D)

☑ Xinjiang International Grand Bazaar

D13 URUMQI ✈ ARRIVAL (MOB)

TOURIST ATTRACTIONS:

URUMQI

- **Xinjiang International Grand Bazaar -** Xinjiang International Grand Bazaar is one of the most iconic landmarks in Urumqi, integrating ethnic culture exhibitions, specialty shopping, dining, and tourism. The architecture features a strong Uyghur Islamic style, with tall towers, arches, and domes, making it highly recognizable.

TURPAN

- **The Flaming Mountain -** One of the most popular tourist attractions in Turpan Xinjiang. Beware of the burn in this area. The Flaming Mountain is famous for its high temperature and the color of the mountain – 'red' so it is also known as Red Mountain.

KOKTOKAY

- **Koktokay Scenic Area -** Located in the northern part of the Altai region in the Xinjiang Uygur Autonomous Region, within the boundaries of Fuyun County, this area is the source of the Irtysh River. In August 2005, it was approved by the Ministry of Land and Resources as the fourth batch of national geological parks. It is characterized by the presence of typical granitic pegmatite rare metal deposits, granite intrusions, and Gobi landscapes.

KANAS

- **Kanas Scenic Area -** Kanas literally means "a beautiful and mysterious lake" in Mongolian. Xinjiang Kanas is a China National AAAAA Level Tourist Attraction, a National Geopark, a National Forest Park, a Nature Reserve & a National Natural Heritage property. Kanas Lake is mysterious and charming and rich in animal and plant resources.
- **Hemu Village -** A hidden fairyland, dotted wooden Tuva houses, green lands, lush forests, delicate mist floating in the air, leisurely grazing horses and cows, all draw an idyllic land and tranquil realm people have long dreamed of.

YINING

- **Sayram Lake -** "Sayram" in Kazakh means "blessing," and it is also commonly called "Santai Haizi." Sayram Lake resembles a sparkling "blue sapphire" nestled in the Western Tianshan Mountains, surrounded by rich pastures. The lake sits at an altitude of 2,073 meters, is slightly oval in shape, 20 km long from east to west, 30 km wide from north to south, covering an area of 454 square kilometers, and has a maximum depth of 86 meters, making it the highest altitude and largest alpine cold-water lake in Xinjiang.
- **Nalati Grassland -** Is one of the world's four major grasslands and an alpine meadow plant zone, historically famous as a pasture. Valleys, peaks, deep gorges, and forests interweave beautifully. Nalati receives an annual rainfall of up to 800 mm, favorable for pasture growth and supporting a high livestock load.

Remarks:

1. Tianshan Flower Sea is expected to be in bloom from May to July.

During the blooming season (May–July), visitors may enjoy lavender, rapeseed flowers, peonies, oxeye daisies, blanket flowers (Gaillardia), pinks (Dianthus), chrysanthemums, and roses. (The above blooming periods are estimates only. Actual flower varieties and blooming conditions are subject to weather, temperature, and rainfall on the day of the visit.)

2. If any attraction included in the itinerary is closed or inaccessible due to weather conditions or other unforeseen circumstances beyond our control, the itinerary will be adjusted accordingly.

✓ *11 Breakfast / 11 Lunch / 11 Dinner*
